

SCOTT S. HARABURDA, PhD, PE, PMP, F.NSPE, COL (USA, ret.)

Valparaiso, IN | (812) 821-8236 | scott.s.haraburda@gmail.com | www.linkedin.com/in/scottharaburda

SUPPLY CHAIN & ANALYTICS TRANSFORMATION

OPM-Certified Senior Executive Service (SES) Candidate and registered PE with 30+ years of industrial leadership across multi-billion-dollar **ERP**, predictive data science, and macro **SIOP** frameworks. Proven track record leading engineering divisions, managing technology modernizations, and directing zero-fault federal supply chains. Fully aligned with organizational mandates through a career spent on **S&OP** demand synchronization, data validation, and **ITAR/EAR** compliance.

CORE EXECUTIVE COMPETENCIES

- Operations & Systems: Network-level **SIOP** governance, master production scheduling (MPS), multi-site **ERP** systems modernization, ISO, Lean Six Sigma (LSS), Baldrige Quality governance.
- Supply Chain Analytics: Predictive data-driven asset pipelines; advanced statistical modeling (**Python**, FORTRAN, AI/ML); Verification, Validation, & Accreditation (VVA); P&L management.
- Compliance & Leadership: Strict **ITAR/EAR** federal adherence, collaborative union labor relations, change management, and sovereign-grade executive presence.

RELEVANT PROFESSIONAL EXPERIENCE

Indiana Department of Transportation (INDOT) | Indiana

District Testing Engineer / Scoping / Utility Engineering Manager | September 2023 – Present

- Infrastructure & Regulatory Leadership: Directed utility engineering for **100+ projects (~\$500M annually)**, applied **Python** scripts for asset safety, and led a 14-person materials compliance lab.

US Army Materiel Systems Analysis Activity (AMSAA) / Crane Army | Maryland and Indiana

Acting Technical Director / Munitions Manufacturing Director | February 2009 – March 2023

- Supply Chain Analytics: Led AMSAA logistics data modeling to identify critical asset bottlenecks, reducing component repair turnaround and **optimizing life-cycle readiness** across all Army units.
- Accelerated Defense Acquisitions: Directed an elite **250-member analytical program** to drive macro-level asset alignment and critical computational VVA accreditations for all army acquisitions.
- Industrial Base Modernization: Led data synchronization and **S&OP** rollout for a major ammunition depot, moving stove-piped inventory into the core **SAP** framework to optimize supply planning.
- Industrial P&L & Scale: Managed a **\$50M fund** under a market-driven, revolving Working Capital Fund, gaining direct control over cash flow and net margin gains, within **AFGE union workforce**.
- Labor & Safety Strategy: Led LSS Black Belt project cutting indirect costs **\$587K**, securing AFGE union buy-in. Directed 350+ staff, cutting accidents **80%** through rigorous operational discipline.

US Army & Civilian Defense Program Management | Global (Kuwait, Indiana, Pennsylvania, DC)

Senior Logistics Officer / Project Manager / Colonel (USA, ret.) | 1994 & June 2000 – January 2009

- Global Supply Chain Realignment (as Colonel): Transformed decentralized theater logistics into a centralized, audited **SIOP** framework for **125,000 personnel** under LOGCAP-Kuwait.
- Cost Containment (as Colonel): Optimized **\$1B+** in annual contract frameworks in Kuwait theater via performance analytics, eliminating unjustified fees and minimizing lifecycle NPV.
- High-Hazard Project & Crisis Communication (as civilian): Led technical destruction of VX nerve agent stockpile under **EPA/OSHA** rules; served as chief spokesperson on **NPR** and televised news.

US Army & Civilian Defense Program Management (Continued)

- Brigade Command (as Colonel): Commanded a chemical brigade, enforcing operational readiness and supply chain synchronization for **2,000 personnel** while managing a **\$500M+ asset portfolio**.
- Pentagon Advisory (as Lt. Colonel): Army Science Board Exec. Secretary; orchestrated 13 vital science/technology studies securing SecArmy approval and shaping a **\$10.5B future force strategy**.
- Export Control (as Captain): Executed DTSA technical risk assessments supporting U.S. Customs Operation Gemini; audited warfare data to halt unauthorized missile systems proliferation (1994)

GE Plastics | Mount Vernon, IN

Production Engineer / Polymer Process Innovator | 1996 – 2000

- Core Plastics Operations: Directed process engineering and optimization for high-volume polymer extrusion, implementing **GEMS ERP** and digital scheduling to raise first-pass yields past **95%**.
- Award-Winning Automation: Used Six Sigma tools to engineer a recycling database layer, securing two U.S. patents and winning *Chemical Processing* magazine's '**Project of the Year**'.

Bayer Corporation | New Martinsville, WV

Senior Process Engineer (Shop-Floor Plant Leadership & Collective Bargaining) | 1992 – 1996

- Directed shop-floor process engineering and optimization for chemical manufacturing lines while managing collective bargaining units to maintain **95+% operational uptime**.

EDUCATION & ACADEMIC FACULTY EXPERIENCE

- **PhD & MS, Chemical Engineering** – Michigan State University; Doctoral Dissertation: Transport phenomena of flow through helium and nitrogen plasmas in microwave electrothermal thrusters
- BS, Chemistry – Central Michigan University
- Master of Strategic Studies – U.S. Army War College
- Senior Executive Service Candidate Development Program (SESCDP), OPM-Certified (2018)
- **Former Faculty Member**, Department of Chemistry – **United States Military Academy**

LICENSURES, CERTIFICATIONS, & PATENTS

- Professional Engineer (PE): Indiana (#PE19700365) & Michigan (#6201070682) – since 1997
- Project Management Professional (PMP): Project Management Institute, Certification #2009806
- Malcolm Baldrige National Quality Award Examiner (2007, 2009)
- Acquisition Elite Status: Federal Acquisition Corps Member holding multiple DAWIA Level III Certifications (Program Management, Engineering, Logistics)
- Vetted Security Profile: Possessed Top Secret Clearance with SCI Eligibility (Cleared background history simplifies future sponsorship for defense-related contracts)
- U.S. Patent 6,516,280: Method and System for Electronic Recycle Inventory Tracking
- U.S. Patent 6,405,579: Apparatus and Method for Measuring Chemical Concentration

HONORS, CIVIC ALIGNMENT & PUBLICATIONS

- Civic Alignment: Fellow of the National (NSPE) and Past President of Indiana (ISPE) Societies of Professional Engineers
- Honors & Defense Awards: Recipient of the US Army Legion of Merit for elite senior leadership.
- Core Publications: Author of: "Contracting Agility in LOGCAP-Kuwait" (2009),
"Supply Chain Management Maturity Level Assessment" (2017),
"Transforming Military Support Processes from Logistics to Supply Chain Management" (2016)
